Live event painting by world renowned digital paint pioneer Jeremy Sutton is dynamic, engaging live interactive fine art / hi tech entertainment that adds that unique cutting-edge "Wow!!" factor to your special event.

Whether creating live iPad portraits or painting the scene, all guests enjoy watching the creative process unfold. Portrait subjects receive digital files they can immediately share on their social media.

Jeremy's painted with digital art media for 25+ years, has performed live painting with Cirque du Soleil, at the opening of the De Young Museum's Hockney show, and at the Smithsonian Institute's "Innovation In Art" event.
